

Grace's Race is The Morgan Adams Foundation's annual 5K run that was started by a young cancer survivor who has made it her mission to help other kids beat cancer. The event has funded over \$200,000 in pediatric cancer studies to date and has grown to 500 participants. Whether you walk or run, form a team or come solo, lace up your running shoes and help kids kick cancer!

**Why:**  
**To raise critically needed funds  
for children's cancer research!**

In December of 2010, Grace began to complain that her right foot was going numb a few times a day.

This was accompanied by a weakness and eventual inability to lift her ankle in a normal walking stride. She went to Children's Hospital Colorado thinking she had pinched a nerve. Instead, doctors discovered that Grace had a malignant brain tumor in the motor cortex of her brain affecting her right foot.

Treatment began with brain and spinal radiation in combination with chemotherapy each weekday for 30 days. Grace then endured two different chemotherapy treatments, weekly, over the next year. Thanks to Dr. Nick Foreman's research funded by The Morgan Adams Foundation, treatment was successful and Grace is now a healthy teenager.

In 2013, Grace joined forces with The Morgan Adams Foundation to create Grace's Race in order to raise money for children's cancer research and help other kids beat their cancer too! To date, Grace's Race has raised over \$200,000 for Dr. Nick Foreman and his research at Children's Hospital Colorado. Please join us as we find a cure for pediatric cancer through research!
